## FRESHMEN AND SOPHOMORE BATTLE TODAY

The warriors of the freshman and sophomore classes of Georgetown University will battle today on the varsity field in their annual struggle to decide who shall wear the crown of olive leaves for the ensuing year. Three events will be staged, including an 80-yard relay race, a tug of war and finally a football game.

Most interest lies in the football game because the teams are about evenly matched and have been practicing hard to get in trim for the contest.

Both factions predict success and are backing their opinions by opening their pocketbooks. The outcome is no doubt, however, that even money prevails.

It is certainly assured that he who takes an afternoon off and journeys to the hilltop today will return home feeling satisfied that he has spent a profitable afternoon and has seen some thrilling, spirited sport. The first event will start promptly at 3:30.

## Wid Conroy Gets a Job As Huggins' Assistant

New York, Nov. 16.—Wid Conroy, who once posted for the Senators, will be coach and assistant to manager Huggins, new Yankee manager. He played third base for the Yankees during Clark Griffith's regime, quitting Pittsburgh when the New York Yankees opened in 1909 and staying through 1908. Then he went to Washington. Later he became manager of the Elmira team of the New York State League. The organization will not open unless a Sunday baseball law is passed, so needless to say Wid is glad to get back with the Yankees.

## College Men to Run

Boston, Mass., Nov. 16.—In anticipation of the New England intercollegiate championship cross-country race over the Franklin Park course tomorrow there was a great influx of collegians here today, each college and university sending the flower of its distance runners in the endeavor to lift the hill-and-dale titles, both individual and team. It is expected that at least fifteen out of the fifteen colleges belonging to the New England Intercollegiate Athletic Association will be represented in the event.

## Big Games in West

Chicago, Nov. 16.—The fight for the big test conference football championship will reach its climax tomorrow when two of the season's most important games will be played. Interest will center on the Ohio-Illinois battle at Columbus, which will decide whether or not the champion Buckeyes are to retain their laurels. The Chicago-Minnesota game at Minneapolis is scarcely less important.

## Tortorch After Bout

Promoter Tortorch, of New Orleans, who conducted the recent Herman Burns fight, announces that he will offer a splendid inducement to the winner of the Williams-Ernie match at Baltimore, to box Champion Herman Burns at one of the Southern camps.

## PENN-MICHIGAN GAME CLASSIC

Annual Clash at Franklin Field Most Important of the Day.

One game stands out as likely to monopolize practically all football interest today. That is the clash between Penn and Michigan. The annual meeting, long on the calendar in the past, bids fair this fall to be one of the most exciting in the inter-school series and to rival all its predecessors in the standard of play.

Michigan has come through the season thus far with its goal line uncrossed by an opponent and with almost a record for the aggregate of its scores. Pennsylvania has shown a steady, powerful improvement. Though defeated by Pittsburgh and Georgia Tech, for its only defeat of the season, the Penn team displayed a power of aggression that bodes ill for any opponent that thinks lightly of Bob Fowell's charges.

On paper Michigan, coached by the original Yost and pronounced by his friends the best eleven he has turned out in years, appears to be the stronger team, but precedent shows that in the years when Michigan looked to be strong enough to defeat Penn, the latter always turned the tables and carried off the honors.

Yost is anxious to beat Penn by a large score, as that would give his team, providing it beats Northwestern next week, a good chance to claim rank as the best in the country. Pittsburgh, the one team that would have an argument, just sneaked through in its game with Penn.

Berry, Fowell's star, promises to be in excellent shape for the game tomorrow, although it was at one time feared that the rib injury he suffered in the game with Pittsburgh would incapacitate him for the Michigan game. Yost's charges are at the height of their season's form.

He has aimed them for this game and will probably uncover everything he has in the way of attack, although the important clash with Northwestern may induce him to hide some of the contents of his box of tricks. The experience of the contest with Penn requires him to use every expedient to gain a victory.

The most important game in the West tomorrow will be the meeting of Ohio State and Illinois at Columbus. Ohio State wants a victory badly, as that would keep the season's slate clean and enable it to claim the western championship for another year. The Buckeye eleven is a powerful combination this year, and unless Illinois has something up its sleeve the prospects are bright for a western championship for the first time.

Chicago University will also fight for a clean slate tomorrow. Staggs' proteges will tussle with the Minnesota team that suffered unexpected defeat at the hands of Wisconsin. The Maroon team this year lacks individual stars. It is the result of careful coaching by Flag. Minnesota likewise has been trained by a coach without having the aid of any unusual football talent. Since the defeat by Wisconsin Williams has injected some of the old Minnesota spirit into his boys. Likewise Staggs has given his extra preparation for the clash with the Gophers. It has the earmarks of a thrilling contest.

Important games in the East tomorrow are: College of Syracuse vs. Washington and Jefferson-West Virginia; Pittsburgh-Carnegie Institute; Army-Lebanon Valley; Villa-Nova; Georgetown-Washington and Lee.

## GALLAUDET PLAYS WASHINGTON COLLEGE

The Gallaudet College football team left yesterday afternoon for Chestertown, Md., where they will play the Washington College eleven today. The Washington Collegians this season have a good team and are in the fighting for the Maryland State Championship.

Gallaudet has been going along at a good clip during the past two weeks and since all the players are in first class condition, Coach Moore expects a victory. Gallaudet realizes it must hustle to land the verdict, but they left on their journey full of confidence.

## Three Games at Gotham

Greater New York will have three big service games on Thanksgiving. Camp Upton and Camp Devens will play at the Polo Grounds; Cupid Black's Naval Reserves meet Rutgers at Ebbets Field, Brooklyn, and Fordham plays Naval Reserves from Raritan Bay Park section at Fordham.

## Sammy Rice May Use Gun Instead of Bat in 1918

Clark Griffith, manager of the Nationals, arrived home from the Louisville meeting last night. Although the National Baseball Association has voted to help the Old Fox with his bat and ball fund, Griffith was anything but cheerful.

War may hand a powerful jolt to the Nationals' six players who are with the club and who may be called at any time. Sammy Rice, who led the team in hitting last year, has been summoned to appear for examination for the national army. Rice was examined in this city last summer for the first call, but was exempted on the grounds of physical disability. Now the exemption board of Wausau, Ill., has called upon Sam for another examination. As they want to look him over.

## WILLARD'S CIRCUS IS TAKEN BY UNCLE SAM

Big Jess Sells Out to Government Agent at His Winter Quarters.

Jess Willard, of Pottawatomie County, Kansas, is a lucky bird. A story has drifted in on the sea of exchanges to the effect that the heavy-weight champion has promised to give the government a circus. It played here during the summer and everybody had a chance to see him. The best thing about the show is the paraphernalia or something, namely, the horses, canvas, harness and last, but not least, the help. Now Uncle Sam has decided to take the show, and, in fact, everything in Mr. Willard's exhibit was of use to him. Recently the camp and his crowd pulled into Jacksonville, Fla., for a quiet quarter and it meant that Jess was due to feed the animals, trainers, etc., for the long winter months, and everybody knows the cost of existing has gone up. Mr. Willard did not have to house the show, but he had to feed the animals, and, in fact, everything in Mr. Willard's exhibit was of use to him.
